

Lake Crackenback Resort

## WALKS FROM OAKS LAKE CRACKENBACK RESORT

Feeling like a gentle wander or a good old leg-burner? You're in luck. A whole network of trails branches out from the Resort, ready for you to explore – whether you've got 20 minutes or a few hours to spare.

### Lakeview Track

Start easy with a lap around Lake Crackenback. It's calm, it's scenic, and it's the perfect excuse to slow down. Or, if your sneakers are feeling ambitious, tackle all nine of the Lakeview Track's fitness stations. Stretch, squat, puff, repeat. Your quads will thank you (eventually).

### Resort Bushwalk Track

Big loop energy. This one wraps around the whole Resort, giving you sweeping views of the mountains beyond and a mix of terrain underfoot. Ideal for when you want a walk with just the right amount of "ooh" and "aah".

### Little Thredbo River Track

Follow the river, snap a pic at the grassy bank, maybe dip a toe (or dive right in if you're feeling bold). This trail leads you through peaceful pockets of nature, right to where the Little Thredbo and Thredbo Rivers meet – a quiet little magic spot.

### NPWS Bullocks Track

Now this one's got stories to tell. Starting from the Little Thredbo River Track, you'll wind your way to Bullocks Hut – a rustic beauty built back in 1934. From there, follow the Thredbo River under the Skitube bridge and on to the Thredbo Diggings camping area. Pro tip: pack snacks, because this spot is prime for a riverside picnic (and maybe a refreshingly swim<sup>●</sup>). Return via the Thredbo Valley Trail loop for the full experience.

### Sculpture Trail

Art meets alpine. As you wander through the Resort's trails, keep an eye out for the 20 handcrafted sculptures tucked into the landscape. Many are made by local artists – each one a little surprise waiting to be stumbled upon. It's like a gallery, just with fresher air.

● Yes, it's refreshingly *cold* and yes, that includes summer.
